Dear Hiring Manager,

I hope you are doing well. I am writing to express my interest in the Web Developer position at your organization. With a strong foundation in front-end and back-end development, along with hands-on experience in building responsive and user-friendly web applications, I believe I would be a suitable candidate for this role.

I have attached my resume for your review. Please let me know if any additional information is required. I would be grateful for the opportunity to discuss how my skills and enthusiasm can contribute to your team.

Thank you for your time and consideration.

Regards,
Chandramani Patel
